oral surgery
oral medicine
oral pathology

With sections on endodontics *and* dental radiology

EDITOR-IN-CHIEF

ROBERT B. SHIRA

Boston, Mass.

SECTION EDITORS

oral surgery — **Robert B. Shira**

Editorial board: Charles C. Alling, Stanley J. Behrman, Maj. Gen. S. N. Bhaskar, James E. Chipps, H. Chris Doku, Col. Louis H. Guernsey, Gustav O. Kruger, Col. Paul H. McFarland, Jr., Daniel Verne

oral medicine — **James W. Little**

Editorial board: Lester W. Burket, Robert H. Johnson, Sol Silverman, Jr., Edward Zegarelli

oral pathology — **Charles E. Tomich**

Editorial board: Albert M. Abrams, Russell L. Corio, Lewis R. Eversole, Robert J. Gorlin, Joseph A. Regezi, John J. Sauk, Jr., Gerald Shklar, William G. Sprague, Charles A. Waldron, Carl J. Witkop, George P. Wysocki

endodontics — **Milton Siskin**

Editorial board: James Bynum, William Clem, Stephen Cohen, Frederick Cox, Ernst Ehrmann, *Australia*, Frederick J. Harty, *England*, Richard B. Johns, *England*, Peter Kapsimalis, Alvin A. Krakow, Howard Martin, Ivar A. Mjor, *Norway*, Margarita Muruzabal, *Argentina*, B. Nygaard-Ostby, *Norway*, Edward Osetek, Benjamin Sedlezky, Alan G. Selbst, Michael Tagger, *Israel*, Shosaburo Takuma, *Japan*, Leif Tronstad, *Sweden*

dental radiology — **Lincoln R. Manson-Hing**

Editorial board: David F. Greer, William K. Collett, Ray W. Alcox, Orlen N. Johnson

EDITORIAL BOARD

Joseph L. Bernier, *Washington, D. C.*
Lester R. Cahn, *New York*
Henry M. Goldman, *Boston*
Edward C. Hinds, *Houston*
Daniel J. Holland, *Boston*
Donald A. Kerr, *Ann Arbor*
Gustav O. Kruger, *Washington, D. C.*
Maury Massler, *Boston*

CONSULTANTS

New England Society of Oral Surgeons, Irving Meyer
Southern California Academy of Oral Pathology, James B. Taylor
New York Institute of Clinical Oral Pathology, Herbert I. Calman
American Institute of Oral Biology, Arthur L. Jensen

Subject index

A

Aging, effect of, on mechanical properties of hand-rolled gutta-percha endodontic cones (Oliet and Sorin), 954
of tissues of roots of nonfunctional human teeth (impacted canines) (Azaz, Michaelis, and Nitzan), 572
Aldehyde-induced cross-linking, effects of, on degradation rate of collagen xenografts for bone replacement (DeVore), 677
Allergic gingivostomatitis (plasma-cell gingivostomatitis), epilogue to (Silverman and Lozada), 211
Alpha thalassemia minor trait accompanied by clinical oral signs (Alexander and Bechtold), 892
Alveolar bone loss and other oral abnormalities in patient with alpha thalassemia minor trait (Alexander and Bechtold), 892
nerve, inferior, spread of epidermoid carcinoma of lip along (Schmidseder and Dick), 517
processes of maxilla and mandible, uncontrolled growth of, in 20-month-old child (Looby), 855
ridge, atrophic, surgical correction of (Bell et al.), 485
Alveolitis sicca dolorosa, prophylactic use of propylic ester of p-hydrobenzoic acid on (Ritzau and Swangsilpa), 32
Amalgam and Cavit, retrograde root filling with (Finne et al.), 621
American Academy of Craniomandibular Orthopedics, 163, 322 (Announcements)
American Academy of Periodontology, 980 (Announcement)
American Board of Oral Medicine, 163, 322, 484 (Announcements)
American Board of Oral Pathology, 980 (Announcement)
American Indian, prehistoric, mandibular cystlike lesion in (Neiburger), 528
Amputation, root, as predictable procedure (Van Swol and Whitsett), 452
Amyloidosis associated with multiple myeloma (Kraut et al.), 63
Anatomy and radiologic anatomy, new concept in teaching (Berry and Ashman), 976
surgical, of parotid gland; human accessory parotid gland (Frommer), 671
Anemia, aplastic, dental management of patients undergoing bone marrow transplantation for (Lasser, Camitta, and Needleman), 181
complicating treatment of epidermolysis bullosa dystrophica polydysplastica (Album et al.), 859
Anemia—Cont'd
sickle-cell, differential diagnosis of some simple osseous lesions associated with (Sanger, Greer, and Averbach), 538
nuclear characteristics of buccal mucosa cells in (Hays), 554
Anesthesia, inferior alveolar nerve, in exodontia, objective signs of (Elliott and van Hassel), 38
Anesthetic, local, clinical assessment of new agent—carticaine (Cowan), 174
management in surgical treatment of epidermolysis bullosa dystrophica polydysplastica (Album et al.), 859
Ankylosis, temporomandibular joint; postoperative physiotherapy device for mandibular hypomobility (Kaban et al.), 513
Ann Arbor Growth Symposium on "Biology of Occlusal Development," 164 (Announcement)
Announcements, 163, 322, 484, 650, 812, 980
Apertognathia: challenge and conquest (Mosby and Hiatt), 658
Aphthous ulcers, recurrent, in professional population, retrospective study of prevalence and incidence of (Miller, Ship, and Ram), 532
inheritance patterns in (Miller et al.), 886
with herpetiform pattern, intranuclear inclusion bodies in (Sapp and Brooke), 416
Apical hard-tissue deposition in adult teeth of monkeys with use of calcium hydroxide (Weinstein and Goldman), 627
seal integrity of silver point–filled endodontic teeth, radioisotope determination of, after ultrasonic vibration (Clark and del Rio), 771
Aspergillosis of maxillary sinus (Gonty and Page), 350
Atrophy, central papillary, of tongue (Farman et al.), 48

B

Bacteria, anaerobic, isolation of, from root canal systems of necrotic teeth by use of transport solution (Goodman), 766
Bacteroides fusiformis, osteomyelitis of mandible in child due to (Payne et al.), 44
Biodegradable substances as osteogenic agents, evaluation and comparisons of (Nelson, Stanford, and Cutright), 836
Biologic crib for ridge augmentation, use of freeze-dried bone as (Wolford and Epker), 499

January, pp. 1-164; February, pp. 165-322; March, pp. 323-484; April, pp. 485-650; May, pp. 651-812; June, pp. 813-998.

Biology of occlusal development, 164 (Announcement)
Biopsy, routine, leading to diagnosis of strongyloidiasis (Fay and Disque), 898
Bone, alveolar, loss and other oral abnormalities in patient with alpha thalassemia minor trait (Alexander and Bechtold), 892
cavity, unusual static, 979 (Roentgenoddities)
desmoplastic fibroma of (Wagner, Lorandi, and Ebling), 108
freeze-dried, use as biologic crib for ridge augmentation (Wolford and Epker), 499
grafting and osteotomy; surgical correction of atrophic alveolar ridge (Bell et al.), 485
grafts, autogenous cancellous-marrow, in irradiated dog mandibles (Marciani et al.), 365
evaluation and comparisons of biodegradable substances as osteogenic agents (Nelson, Stanford, and Cutright), 836
implants, homogeneous, preserved by formaldehyde, influence on repair of postextraction sockets (Gonçalves, Valdrighi, and Abreu), 25
lesion, sclerotic mandibular (Sammartino et al.), 643
marrow transplantation for aplastic anemia, dental management of patients undergoing (Lasser, Camitta, and Needleman), 181
plate, mandibular staple, implant and prosthesis (Weintraub and Guernsey), 827
replacement, collagen xenografts for: effects of aldehyde-induced cross-linking on degradation rate (DeVore), 677
sclerotic, and skeletal anomalies, dentine dysplasia with, inherited as autosomal dominant trait (Morris and Augsburger), 267
British Society for Oral Pathology, 812 (Announcement)
Buccal fat pad, traumatic herniation of (Messenger and Cloyd), 41
mucosa cells in sickle-cell anemia, nuclear characteristics (Hays), 554
Burket, Lester W., 815 (Editorial)
tribute to, 813 (Editorial)

C

Calcium hydroxide, apical hard-tissue deposition in adult teeth of monkeys with use of (Weinstein and Goldman), 627
Canadian dental schools, evaluation of dental radiology students in (Ciola), 310
Cancer, oral, symposium, 650 (Announcements)
Canines, impacted; aging of tissues of roots of nonfunctional human teeth (Azaz, Michaelis, and Nitzan), 572
Carbon, vitreous, pyrolytic carbon, pyrolytic graphite/silicon-carbide, and titanium implants, comparative study of, in rabbit mandibles (Maropis et al.), 506
Carcinogenesis, hamster pouch, levamisole and (Eisenberg and Shklar), 562
Carcinoma, adenoid cystic, glossopyrosis due to (Pellegrino), 521
double primary, of lips (Pisanty), 524
epidermoid, of lip, spread of, along inferior alveolar nerve (Schmidseder and Dick), 517
Carticaine; clinical assessment of new local anesthetic agent (Cowan), 174
Cat scratch disease (Gross and Case), 698
Cavit, retrograde root filling with amalgam and (Finne et al.), 621
Cemental masses, sclerotic, ultrastructure of (Mincer, McGinnis, and Wyatt), 70
Ceramics, role in bone replacement; evaluation and comparisons of biodegradable substances as osteogenic agents (Nelson, Stanford, and Cutright), 836
Cheek, ectopic odontome in (Bakry), 583
pea in, 320 (Roentgeno-oddities)
Cheilitis; epilogue to plasma-cell gingivostomatitis (allergic gingivostomatitis) (Silverman and Lozada), 211
Chin deformities, sagittal symphysotomy in treatment of (Super and Guernsey), 844
Chondroma of tongue (Zegarelli), 738
Cleft palate, third international congress on, 650 (Announcement)
Collagen xenografts for bone replacement: effects of aldehyde-induced cross-linking on degradation rate (DeVore), 677
Communicative disorders, rehabilitation of individual with oral-facial anomalies and (Cooper), 820
Computerized nonlinear model for predicting radiographic contrast (Webber, Youmans, and Nagel), 798
Condylar head, mandibular, aseptic osteomyelitis and necrosis of, after intracapsular fracture (Sanders, McKelvy, and Adams), 665
Condyle, mandibular, cranial dislocation of (Kallal, Gans, and Lagrotteria), 2
osteochondroma of (Simon, Kendrick, and Whitlock), 18
Contraceptives, oral, radiographic changes of mandible related to (Darzenta and Giunta), 478
Coronoid process, double, 648 (Roentgeno-oddities)
of mandible, osteochondroma of (Ramon et al.), 692
Cranial dislocation of mandibular condyle (Kallal, Gans, and Lagrotteria), 2
Crib, biologic, for ridge augmentation, use of freeze-dried bone as (Wolford and Epker), 499

Cross-linking, aldehyde-induced, effects of, on degradation rate of collagen xenografts for bone replacement (DeVore), 677

D

Dens in dente (Murphy and Doku), 530
nonsurgical endodontic therapy of tooth invagination (Tagger), 124
Densitometric analysis of experimentally produced periapical radiolucencies (Duinkerke et al.), 782
evaluation of quick x-ray developing solutions (Manson-Hing and Patel), 467
Dental management of patients undergoing bone marrow transplantation for aplastic anemia (Lasser, Camitta, and Needleman), 181
pulp, abnormal immune response to infection of (Trowbridge and Daniels), 902
radiography, estimation of somatic hazards to United States population from (White and Frey), 152
radiology, 151, 310, 467, 631, 782, 963
schools, Canadian, evaluation of dental radiology students in (Ciola), 310
United States, survey of tissue diagnostic services in, 1953-1975 (Pullon and Miller), 579
Dentin and pulp changes in human carious teeth, attempt to correlate (Skogedal and Tronstad), 135
dysplasia, radicular (Type I) (Perl and Farman), 746
with sclerotic bone and skeletal anomalies inherited as autosomal dominant trait (Morris and Augsburger), 267
Dermal graft—versatile technique for oral surgery (Smiler et al.), 342
Diagnosis, differential, of some simple osseous lesions associated with sickle-cell anemia (Sanger, Greer, and Averbach), 538
of strongyloidiasis, routine biopsy leading to (Fay and Disque), 898
Dislocation, cranial, of mandibular condyle (Kallal, Gans, and Lagrotteria), 2
Dysplasia, dentine, with sclerotic bone and skeletal anomalies inherited as autosomal dominant trait (Morris and Augsburger), 267
radicular (Type I) dentin (Perl and Farman), 746
Dysplastic precancerous lesions, oral, in Indian villagers, follow-up study of sixty-one (Pindborg, Daftary, and Mehta), 383

E

Editorials, 813
Einstein, Albert, College of Medicine, 163 (Announcement)
Electric pulp-testing methods, rationalization of (Stark et al.), 598
Electronic ohmmeter (Suchde and Talim), 141
Enamel hypoplasia in case of epidermolysis bullosa hereditaria, clinical and histologic observation (Koshiba, Kimura, and Nakata), 585
Enamel hypoplasia—Cont'd
severe, in case of intestinal lymphangiectasia: rare protein-losing enteropathy (Dummer), 702
Endodontic cones, hand-rolled gutta-percha, effect of aging on mechanical properties of (Oliet and Sorin), 954
emergencies (Grossman), 948
filling materials; comparative study of five materials for use in filling root canal spaces (Fogel), 284
instruments; effects of sterilization techniques on properties of intracanal instruments (Younis), 130
procedures must never be performed without rubber dam (Heling and Heling), 464
teeth, silver point–filled, radioisotope determination of apical seal integrity of, after ultrasonic vibration (Clark and del Rio), 771
therapy, nonsurgical, of tooth invagination (Tagger), 124
Endodontics, 123, 284, 436, 598, 755, 910
in anterior teeth, in vivo study of temporary filling materials used in (Krakow, deStoppelaar, and Grøn), 615
Endo-metaendodontic nomenclature (Kuttler), 460
Enzyme, proteolytic, mixture (Orenzyme-Forte), effect on experimentally induced pulpitis (Kieser et al.), 300
Eosinophilic bodies in degenerative surface epithelium of chronic hyperplastic oral lesions, ultrastructure of (Chen), 256
Epidermolysis bullosa dystrophica polydysplastica (Album et al.), 859
hereditaria, clinical and histologic observation of enamel hypoplasia in case of (Koshiba, Kimura, and Nakata), 585
Epithelium, degenerative surface, of chronic hyperplastic oral lesions, ultrastructure of eosinophilic bodies in (Chen), 256
Epulis, congenital, in newborn (Blair and Edwards), 687
Exodontia, objective signs of inferior alveolar nerve anesthesia in (Elliott and van Hassel), 38
Extractions and irradiation, interval between, in patients with head and neck malignancy (Starcke and Shannon), 333

F

Facial pain, atypical (Paulson), 338
subacute thyroiditis as cause of (Smith and Myall), 59
Fat pad, buccal, traumatic herniation of (Messenger and Cloyd), 41
Fibroma, desmoplastic, of bone (Wagner, Lorandi, and Ebling), 108
Fibromatosis, aggressive juvenile, involving mandible: surgical excision with immediate reconstruction (Peede and Epker), 651

Fibro-odontoma, ameloblastic, malignant transformation to ameloblastic fibrosarcoma (Howell and Burkes), 391
Filiform papillae, hairlike variations of, in human tongue (Švejda, Škach, and Plačková), 97
Filling materials; comparative study of five materials for use in filling root canal spaces (Fogel), 284
temporary, used in endodontics in anterior teeth, in vivo study (Krakow, deStoppelaar, and Grøn), 615
Foreign bodies; glass fragment in tooth socket, 482 (Roentgeno-oddities)
pea in cheek, 320 (Roentgeno-oddities)
Fracture, intracapsular, aseptic osteomyelitis and necrosis of mandibular condylar head after (Sanders, McKelvy, and Adams), 665
tooth, pathologic, 319 (Roentgeno-oddities)

G

Garré's osteomyelitis; osteomyelitis with proliferative periostitis (Smith and Farman), 315
General practice residency program, 980 (Announcement)
Gingiva, human, histologic changes following grafting of connective tissue into (Edel and Faccini), 190
maxillary, solitary intraoral keratoacanthoma (Svirsky, Freedman, and Lumerman), 116
plasma-cell granuloma of (Acevedo and Buhler), 196
Gingival infection, likelihood of acting as focus (Henning), 778
Gingivostomatitis, plasma-cell (allergic gingivostomatitis), epilogue to (Silverman and Lozada), 211
Glossitis; epilogue to plasma-cell gingivostomatitis (allergic gingivostomatitis) (Silverman and Lozada), 211
Glossopyrosis due to adenoid cystic carcinoma (Pellegrino), 521
Glucose intolerance associated with temporomandibular joint pain-dysfunction syndrome (Oles), 546
Graft(s), bone, autogenous cancellous-marrow, in irradiated dog mandibles (Marciani et al.), 365
dermal—versatile technique for oral surgery (Smiler et al.), 342
Grafting, bone, and osteotomy; surgical correction of atrophic alveolar ridge (Bell et al.), 485
of connective tissue into human gingiva, histologic changes following (Edel and Faccini), 190
Granuloma, peripheral giant-cell reparative, electron microscopic study of (Bartel and Piatowska), 82
plasma-cell, of gingiva (Acevedo and Buhler), 196
Graphite, pyrolytic/silicon-carbide, vitreous carbon, pyrolytic carbon, and titanium implants, comparative study of, in rabbit mandibles (Maropis et al.), 506
Great Lakes Society of Oral Surgeons, 650 (Announcement)
Growth, uncontrolled, of alveolar processes of maxilla and mandible in 20-month-old child (Looby), 855
Gutta-percha endodontic cones, hand-rolled, effect of aging on mechanical properties of (Oliet and Sorin), 954

H

Head and neck malignancy, interval between extractions and irradiation in patients with (Starcke and Shannon), 333
Hemangioma; oral-facial manifestations of Klippel-Trenaunay-Weber syndrome (Sciubba and Brown), 227
Hemodialysis therapy, long-term, oral manifestations of secondary hyperparathyroidism related to (Fletcher, Scopp, and Hersh), 218
Herniation, traumatic, of buccal fat pad (Messenger and Cloyd), 41
Herpes labialis, recurrent, and upper respiratory infection, incidence of (Friedmann, Katcher, and Brightman), 873
Hyperparathyroidism, secondary, related to long-term hemodialysis therapy, oral manifestations of (Fletcher, Scopp, and Hersh), 218
Hyperplastic oral lesions, chronic, ultrastructure of eosinophilic bodies in degenerative surface epithelium of (Chen), 256
Hypertension, influence of obesity and, on severity of periodontitis in rats (Perlstein and Bissada), 707
Hypoglycemia; glucose intolerance associated with temporomandibular pain-dysfunction syndrome (Oles), 546
Hypomobility, mandibular, postoperative physiotherapy device for (Kaban et al.), 513
Hypoplasia, enamel, in case of epidermolysis bullosa hereditaria, clinical and histologic observation (Koshiba, Kimura, and Nakata), 585
severe, in case of intestinal lymphangiectasia: rare protein-losing enteropathy (Dummer), 702

I

Image intensification, use of, in sialography (Beideman and Tatoian), 971
Immune reactions; correlation of scanning electron microscope and light microscope findings in uninflamed and pathologically involved human pulps (Seltzer, Rainey, and Gluskin), 910
response, abnormal, to infection of dental pulp (Trowbridge and Daniels), 902
local, chronic staphylococcal stomatitis resistant to penicillin and tetracycline with evidence of (Sanchez-Cordero, Hoffman, and Everhart), 379
Immunologic aspects of pulpal-periapical diseases (Morse), 436

Immunosuppressive drugs, oral infections in renal transplant patients taking (Greenberg and Cohen), 879
Impacted canines; aging of tissues of roots of nonfunctional human teeth (Azaz, Michaelis, and Nitzan), 572
deciduous second molar, rare case of, 647 (Roentgeno-oddities)
Implants, homogeneous bone, preserved by formaldehyde, influence on repair of postextraction sockets (Gonçalves, Valdrighi, and Abreu), 25
mandibular staple bone plate, and prosthesis (Weintraub and Guernsey), 827
materials, comparative study of, in rabbit mandibles (Maropis et al.), 506
Incisor, two-rooted maxillary central, 649 (Roentgeno-oddities)
Inclusion bodies, intranuclear, in recurrent aphthous ulcers with herpetiform pattern (Sapp and Brooke), 416
Infection, gingival, likelihood of acting as focus (Henning), 778
of dental pulp, abnormal immune response to (Trowbridge and Daniels), 902
upper respiratory, incidence of recurrent herpes labialis and (Friedman, Katcher, and Brightman), 873
Inheritance patterns in recurrent aphthous ulcers: twin and pedigree data (Miller et al.), 886
International Congress on Cleft Palate, third, 650 (Announcement)
Intestinal lymphangiectasia, severe enamel hypoplasia in case of (Dummer), 702
Intracanal instruments, effects of sterilization techniques on properties of (Younis), 130
Intranuclear inclusion bodies in recurrent aphthous ulcers with herpetiform pattern (Sapp and Brooke), 416
Invagination, tooth, nonsurgical endodontic therapy (Tagger), 124
Irradiation, interval between extractions and, in patients with head and neck malignancy (Starcke and Shannon), 333

J

Jaw, lesion of, soft tissue mass posing as, 161 (Roentgeno-oddities)
Juvenile fibromatosis, aggressive, involving mandible: surgical excision with immediate reconstruction (Peede and Epker), 651

K

Keratoacanthoma, solitary intraoral (Svirsky, Freedman, and Lumerman), 116
Keratocyst, odontogenic (Brannon), 233
Klippel-Trenaunay-Weber syndrome, oral-facial manifestations of (Sciubba and Brown), 227

L

Leiomyoma, central, of mandible (Goldblatt and Edesess), 591
Leiomyosarcoma, oral (Farman and Kay), 402
Lesion, mandibular cystlike, in prehistoric American Indian (Neiburger) 528
of jaw, soft tissue mass posing as, 161 (Roentgeno-oddities)
osseous, simple, associated with sickle-cell anemia, differential diagnosis (Sanger, Greer, and Averbach), 538
precancerous, oral dysplastic, in Indian villagers, follow-up study of sixty-one (Pindborg, Daftary, and Mehta), 383
Letters to editor, 106, 754
Levamisole and hamster pouch carcinogenesis (Eisenberg and Shklar), 562
Lichen planus, oral, smoking habits of 611 patients with (Neumann-Jensen, Holmstrup, and Pindborg), 410
Lips, double primary carcinoma of (Pisanty), 524
epidermoid carcinoma of, spread along inferior alveolar nerve (Schmidseder and Dick), 517
Loyola University offers review course for oral surgeons, 164 (Announcement)
Lymphangiectasia, intestinal, severe enamel hypoplasia in case of (Dummer), 702
Lymphoma, histiocytic (reticulum-cell sarcoma) (Cline and Stenger), 422

M

Malignancy, head and neck, interval between extractions and irradiation in patients with (Starcke and Shannon), 333
Malignant transformation of ameloblastic fibro-odontoma to ameloblastic fibrosarcoma (Howell and Burkes), 391
Mandible, aggressive juvenile fibromatosis involving: surgical excision with immediate reconstruction (Peede and Epker), 651
and maxilla, uncontrolled growth of alveolar processes of, in 20-month-old child (Looby), 855
central leiomyoma of (Goldblatt and Edesess), 591
chronic sclerosing osteomyelitis of (Jacobsson and Heyden), 357
coronoid process of, osteochondroma of (Ramon et al.), 692
necrotizing sialometaplasia of (Forney et al.), 720
osteomyelitis of, in child due to *Bacteroides fusiformis* (Payne et al.), 44
radiographic changes of, related to oral contraceptives (Darzenta and Giunta), 478
Mandibular bone lesion, sclerotic (Sammartino et al.), 643
condyle, cranial dislocation of (Kallal, Gans, and Lagrotteria), 2
osteochondroma of (Simon, Kendrick, and Whitlock), 18
cystlike lesion in prehistoric American Indian (Neiburger), 528
hypomobility, postoperative physiotherapy device for (Kaban et al.), 513

Mandibular—Cont'd
staple bone plate implant and prosthesis (Weintraub and Guernsey), 827
Maxilla and mandible, uncontrolled growth of alveolar processes of, in 20-month-old child (Looby), 855
parosteal osteosarcoma of (Newland and Ayala), 727
Maxillary excess, correction of, by anterior maxillary osteotomy (Bell), 323
osteotomy, anterior, correction of maxillary excess by (Bell), 323
sinus, aspergillosis of (Gonty and Page), 350
retained root fragments along septa in, 320 (Roentgeno-oddities)
Methodist Hospital (Madison, Wis.), 980 (Announcement)
Micrognathia, multiple neurofibromatosis (von Recklinghausen's disease) with concurrent (Van Gemert, Yamashita, and Goodsell), 165
Microscope, scanning electron and light, findings in uninflamed and pathologically involved human pulps, correlation of (Seltzer, Rainey, and Gluskin), 910
Molar, deciduous impacted, unusual case, 160 (Roentgeno-oddities)
second, impacted, rare case of, 647 (Roentgeno-oddities)
Morphodynamics of human body; new concept in teaching anatomy and radiologic anatomy (Berry and Ashman), 976
Mucopolysaccharidosis III (Sanfilippo syndrome), obliterated pulp cavities in (Webman et al.), 734
Myeloma, multiple, amyloidosis associated with (Kraut et al.), 63
Myofascial pain syndrome masquerading as temporomandibular joint pain (Domnitz et al.), 11

N

National Naval Medical Center Symposium, 163, 484, 812 (Announcements)
Neck and head malignancy, interval between extractions and irradiation in patients with (Starcke and Shannon), 333
Necrosis, aseptic osteomyelitis and, of mandibular condylar head after intracapsular fracture (Sanders, McKelvy, and Adams), 665
Necrotizing sialometaplasia of mandible (Forney et al.), 720
Nerve, inferior alveolar, spread of epidermoid carcinoma of lip along (Schmidseder and Dick), 517
Neurofibromatosis, multiple (von Recklinghausen's disease), with concurrent micrognathia (Van Gemert, Yamashita, and Goodsell), 165
Nevus flammeus; oral-facial manifestations of Klippel-Trenaunay-Weber syndrome (Sciubba and Brown), 227
Newborn, congenital epulis of (Blair and Edwards), 687
Nomenclature, endo-metaendodontic (Kuttler), 460
Northern California Society of Oral Maxillofacial Surgeons, 812, 980 (Announcements)
Nuclear characteristics of buccal mucosa cells in sickle-cell anemia (Hays), 554

O

Obesity and hypertension, influence of, on severity of periodontitis in rats (Perlstein and Bissada), 707
Odontome, ectopic, in cheek (Bakry), 583
Ohmmeter, electronic (Suchde and Talim), 141
Open-bite deformity; apertognathia: challenge and conquest (Mosby and Hiatt), 658
Oral cancer symposium, 650 (Announcements)
contraceptives, radiographic changes of mandible related to (Darzenta and Giunta), 478
dysplastic precancerous lesions in Indian villagers, follow-up study of sixty-one (Pindborg, Daftary, and Mehta), 383
facial anomalies and communicative disorders, rehabilitation of individual with (Cooper), 820
manifestations of Klippel-Trenaunay-Weber syndrome (Sciubba and Brown), 227
infection in immunosuppressed renal transplant patients (Greenberg and Cohen), 879
leiomyosarcoma (Farman and Kay), 402
lesions, chronic hyperplastic, ultrastructure of eosinophilic bodies in degenerative surface epithelium of (Chen), 256
lichen planus, smoking habits of 611 patients with (Neumann-Jensen, Holmstrup, and Pindborg), 410
manifestations of pachyonychia congenita (Maser), 373
of secondary hyperparathyroidism related to long-term hemodialysis therapy (Fletcher, Scopp, and Hersh), 218
medicine, 47, 211, 373, 532, 698, 873
pathology, 69, 233, 383, 554, 720, 902
signs, clinical, accompanying alpha thalassemia minor trait (Alexander and Bechtold), 892
surgery, 1, 165, 323, 485, 651, 820
dermal graft for (Smiler et al.), 342
opening for clinical associate in, 164 (Announcement)
Orenzyme-Forte; effect of proteolytic enzyme mixture on experimentally induced pulpitis (Kieser et al.), 300
Osteochondroma of coronoid process of mandible (Ramon et al.), 692
of mandibular condyle (Simon, Kendrick, and Whitlock), 18
Osteogenic agents, evaluation and comparisons of biodegradable substances as (Nelson, Stanford, and Cutright), 836

Osteomyelitis, aseptic, and necrosis of mandibular condylar head after intracapsular fracture (Sanders, McKelvy, and Adams), 665
chronic sclerosing, of mandible (Jacobsson and Heyden), 357
of mandible in child due to *Bacteroides fusiformis* (Payne et al.), 44
with proliferative periostitis (Garré's osteomyelitis) (Smith and Farman), 315
Osteosarcoma, parosteal, of maxilla (Newland and Ayala), 727
Osteotomy, anterior maxillary, correction of maxillary excess by (Bell), 323
horizontal, of mandibular body and simultaneous bone grafting; surgical correction of atrophic alveolar ridge (Bell et al.), 485
LeFort I, and simultaneous bone grafting; surgical correction of atrophic alveolar ridge (Bell et al.), 485

P

Pachyonychia congenita, oral manifestations of (Maser), 373
Pain-dysfunction syndrome, temporomandibular joint, glucose intolerance associated with (Oles), 546
facial, atypical (Paulson), 338
subacute thyroiditis as cause of (Smith and Myall), 59
temporomandibular joint, myofascial pain syndrome masquerading as (Domnitz et al.), 11
Pan American Symposium on Oral Mucous Membrane Pathology, 163, 322 (Announcements)
Panoramic radiography (Horton, Sippy, and Higa), 473
Panorex image, fine structure of (Freedman and Matteson), 631
Parotid gland, accessory, human: incidence, nature, and significance (Frommer), 671
Periapical-pulpal diseases, immunologic aspects of (Morse), 436
radiolucencies, densitometric analysis of experimentally produced (Duinkerke et al.), 782
Periodontal disease; is gingival infection likely to act as focus (Henning), 778
Periodontitis, influence of obesity and hypertension on severity of, in rats (Perlstein and Bissada), 707
Periostitis, proliferative, osteomyelitis with (Garré's osteomyelitis) (Smith and Farman), 315
p-hydrobenzoic acid, propylic ester of, prophylactic use on alveolitis sicca dolorosa (Ritzau and Swangsilpa), 32
Physiotherapy device, postoperative, for mandibular hypomobility (Kaban et al.), 513
Polylactic acid and polyglycolic acid; evaluation and comparisons of biodegradable substances as osteogenic agents (Nelson, Stanford, and Cutright), 836
Precancerous lesions, oral dysplastic, in Indian villagers, follow-up study of sixty-one (Pindborg, Daftary, and Mehta), 383
Propylic ester of p-hydrobenzoic acid, prophylactic use of, on alveolitis sicca dolorosa (Ritzau and Swangsilpa), 32
Prosthesis, mandibular staple bone plate implant and (Weintraub and Guernsey), 827
Proteolytic enzyme mixture (Orenzyme-Forte), effect on experimentally induced pulpitis (Kieser et al.), 300
Pulp, affected and infected (Massler and Pawlak), 929
and dentin changes in human carious teeth, attempt to correlate (Skogedal and Tronstad), 135
cavities, obliterated, in Sanfilippo syndrome (mucopolysaccharidosis III) (Webman et al.), 734
dental, abnormal immune response to infection of (Trowbridge and Daniels), 902
testing methods, electric, rationalization of (Stark et al.), 598
uninflamed and pathologically involved human, correlation of scanning electron microscope and light microscope findings in (Seltzer, Rainey, and Gluskin), 910
vital, exposed incompletely formed tooth with, therapeutic induction of root formation in (Krakow, Berk, and Grøn), 755
Pulpal devitalization; root treatment of teeth with Toxavit (Heling, Ram, and Heling), 306
-periapical diseases, immunologic aspects of (Morse), 436
Pulpitis, experimentally induced, effect of proteolytic enzyme mixture (Orenzyme-Forte) on (Kieser et al.), 300
Pulpotomy, vital; therapeutic induction of root formation in exposed incompletely formed tooth with vital pulp (Krakow, Berk, and Grøn), 755

R

Radiographic changes of mandible related to oral contraceptives (Darzenta and Giunta), 478
contrast, nonlinear model for predicting (Webber, Youmans, and Nagel), 798
Radiography, panoramic (Horton, Sippy, and Higa), 473
fine structure of Panorex image (Freedman and Matteson), 631
Radioisotope determination of apical seal integrity of silver point–filled endodontic teeth after ultrasonic vibration (Clark and del Rio), 771
Radiologic anatomy, new concept in teaching anatomy and (Berry and Ashman), 976

Radiology, intraoral, evaluation of use of supine position in (Shawkat et al.), 963
Radiolucencies, periapical, experimentally produced, densitometric analysis of (Duinkerke et al.), 782
Rehabilitation of individual with oral-facial anomalies and communicative disorders (Cooper), 820
Renal failure, chronic; oral manifestations of secondary hyperparathyroidism related to long-term hemodialysis therapy (Fletcher, Scopp, and Hersh), 218
  transplant patients, immunosuppressed, oral infection in (Greenberg and Cohen), 879
Resorption, concurrent external and internal, 161 (Roentgeno-oddities)
Respiratory infection, upper, incidence of recurrent herpes labialis and (Friedman, Katcher, and Brightman), 873
Ridge augmentation, use of freeze-dried bone as biologic crib for (Wolford and Epker), 499
Roentgeno-oddities, 160, 319, 482, 647, 979
Root amputation as predictable procedure (Van Swol and Whitsett), 452
  canal filling, tissue response to silicone rubber when used as (Kasman and Goldman), 607
    length, electron ohmmeter for determination of (Suchde and Talim), 141
    spaces, comparative study of five materials for use in filling (Fogel), 284
    systems of necrotic teeth, isolation of anaerobic bacteria from, by use of transport solution (Goodman), 766
  filling, retrograde, with amalgam and Cavit (Finne et al.), 621
Root formation, therapeutic induction of, in exposed incompletely formed tooth with vital pulp (Krakow, Berk, and Grøn), 755
  fragments, retained, along septa in maxillary sinus, 320 (Roentgeno-oddities)
  of nonfunctional human teeth (impacted canines), aging of tissues of (Azaz, Michaelis, and Natzan), 572
  treatment of teeth with Toxavit (Heling, Ram, and Heling), 306
Rubber dam, endodontic procedures must never be performed without (Heling and Heling), 464
  silicone, tissue response to, when used as root canal filling (Kasman and Goldman), 607

S

Sagittal symphysotomy in treatment of chin deformities (Super and Guernsey), 844
Sanfilippo syndrome (mucopolysaccharidosis III), obliterated pulp cavities in (Webman et al.), 734
Sarcoma, reticulum-cell (histiocytic lymphoma) (Cline and Stenger), 422
Sclerotic bone and skeletal anomalies, dentine dysplasia with, inherited as autosomal dominant trait (Morris and Augsburger), 267
  cemental masses, ultrastructure of (Mincer, McGinnis, and Wyatt), 70
  mandibular bone lesion (Sammartino et al.), 643
Seal, apical, integrity of silver point–filled endodontic teeth, radioisotope determination of, after ultrasonic vibration (Clark and del Rio), 771
Sialadenitis and sialolithiasis, submandibular surgical management of (Narang and Dixon), 201
Sialography, use of image intensification in (Beideman and Tatoian), 971
Sialometaplasia, necrotizing, of mandible (Forney et al.), 720
Silicone rubber, tissue response to, when used as root canal filling (Kasman and Goldman), 607
Sinus, maxillary, aspergillosis of (Gonty and Page), 350
  retained root fragments along septa in, 320 (Roentgeno-oddities)
Skeletal anomalies, dentine dysplasia with sclerotic bone and, inherited as autosomal dominant trait (Morris and Augsburger), 267
Smoking habits of 611 patients with oral lichen planus (Neumann-Jensen, Holmstrup, and Pindborg), 410
Sockets, postextraction, repair of: Influence of homogeneous bone implants preserved by formaldehyde (Gonçalves, Valdrighi, and Abreu), 25
Soft tissue mass posing as lesion of jaw, 161 (Roentgeno-oddities)
Somatic hazards to United States population from dental radiography, estimation of (White and Frey), 152
Splint, maxillary overlay; postoperative physiotherapy device for mandibular hypomobility (Kaban et al.), 513
Staphylococcal stomatitis, chronic, resistant to penicillin and tetracycline, with evidence of local immune response (Sanchez-Cordero, Hoffman, and Everhart), 379
Staple, mandibular, bone plate implant and prosthesis (Weintraub and Guernsey), 827
Sterilization techniques, effects of, on properties of intracanal instruments (Younis), 130
Stomatitis, allergic (Letters to editor), 106
  chronic staphylococcal, resistant to penicillin and tetracycline, with evidence of local immune response (Sanchez-Cordero, Hoffman, and Everhart), 379
Strongyloidiasis, routine biopsy leading to diagnosis of (Fay and Disque), 898
Supine position, utilization of, in intraoral radiology (Shawkat et al.), 963
Surgical correction of atrophic alveolar ridge (Bell et al.), 485

Surgical—Cont'd
excision with immediate reconstruction in treatment of aggressive juvenile fibromatosis involving mandible (Peede and Epker), 651
management of submandibular sialadenitis and sialolithiasis (Narang and Dixon), 201
treatment of epidermolysis bullosa dystrophica polydysplastica (Album et al.), 859
Symphysotomy, sagittal, in treatment of chin deformities (Super and Guernsey), 844

T

Teeth, adult, of monkeys, apical hard-tissue deposition in, with use of calcium hydroxide (Weinstein and Goldman), 627
anterior, in vivo study of temporary filling materials used in endodontics in (Krakow, deStoppelaar, and Grøn), 615
human carious, attempt to correlate dentin and pulp changes in (Skogedal and Tronstad), 135
nonfunctional human (impacted canines), aging of tissues of roots of (Azaz, Michaelis, and Nitzan), 572
root treatment of, with Toxavit (Heling, Ram, and Heling), 306
silver point-filled endodontic, radioisotope determination of apical seal integrity of, after ultrasonic vibration (Clark and del Rio), 771
Temporomandibular joint ankylosis; postoperative physiotherapy device for mandibular hypomobility (Kaban et al.), 513
pain-dysfunction syndrome, glucose intolerance associated with (Oles), 546
pain, myofascial pain syndrome masquerading as (Domnitz et al.), 11
Testark; rationalization of electric pulp-testing methods (Stark et al.), 598
Thalassemia, alpha, minor trait accompanied by clinical oral signs (Alexander and Bechtold), 892
Thyroiditis, subacute, as cause of facial pain (Smith and Myall), 59
Tissue diagnostic services in United States dental schools, 1953-1975, survey of (Pullon and Miller), 579
response to silicone rubber when used as root canal filling (Kasman and Goldman), 607
Titanium, vitreous carbon, pyrolytic carbon, and pyrolytic graphite/silicon-carbide implants, comparative study of, in rabbit mandibles (Maropis et al.), 506
Tongue, central papillary atrophy of (Farman et al.), 48
chondroma of (Zegarelli), 738
human, hairlike variations of filiform papillae in (Švejda, Škach, and Plačková), 97
Tooth, exposed incompletely formed, with vital pulp, therapeutic induction of root formation in (Krakow, Berk, and Grøn), 755
fracture, pathologic, 319 (Roentgeno-oddities)
invagination, nonsurgical endodontic therapy (Tagger), 124
socket, glass fragment in, 482 (Roentgeno-oddities)
Toothbrushing trauma, chronic staphylococcal stomatitis apparently precipitated by (Sanchez-Cordero, Hoffman, and Everhart), 379
Toxavit, root treatment of teeth with (Heling, Ram, and Heling), 306
Transplantation, bone marrow, for aplastic anemia, dental management of patients undergoing (Lasser, Camitta, and Needleman), 181
Transplants, kidney; oral infection in immunosuppressed renal transplant patients (Greenberg and Cohen), 879
Transport solution, isolation of anaerobic bacteria from root canal systems of necrotic teeth by use of (Goodman), 766
Tumor, calcifying epithelial odontogenic, 754 (Letters to editor)
smooth-muscle, of oral cavity; oral leiomyosarcoma (Farman and Kay), 402
Warthin's, malignant (Kessler, Koznizky, and Schindel), 111

U

Ulcers, recurrent aphthous, inheritance patterns in (Miller et al.), 886
retrospective study of prevalence and incidence of, in professional population (Miller, Ship, and Ram), 532
with herpetiform pattern, intranuclear inclusion bodies in (Sapp and Brooke), 416
Ultrastructure of sclerotic cemental masses (Mincer, McGinnis, and Wyatt), 70
University of California, Los Angeles, 164 (Announcement)

V

von Recklinghausen's disease (multiple neurofibromatosis) with concurrent micrognathia (Van Gemert, Yamashita, and Goodsell), 165

W

Warthin's tumor, malignant (Kessler, Koznizky, and Schindel), 111

X

Xenografts, collagen, for bone replacement: effects of aldehyde-induced cross-linking on degradation rate (DeVore), 677
X-ray developing solutions, quick, densitometric evaluation of (Manson-Hing and Patel), 467

EDITOR-IN-CHIEF

ROBERT B. SHIRA

Boston, Mass.

SECTION EDITORS

oral surgery — **Robert B. Shira**

Editorial board: Charles C. Alling, Stanley J. Behrman, Maj. Gen. S. N. Bhaskar, H. Chris Doku, Col. Louis H. Guernsey, Gustav O. Kruger, Col. Paul H. McFarland, Jr., Thomas W. Quinn, Daniel Verne

oral medicine — **James W. Little**

Editorial board: Lester W. Burket, Robert H. Johnson, Sol Silverman, Jr., Edward Zegarelli

oral pathology — **Charles E. Tomich**

Editorial board: Albert M. Abrams, Russell L. Corio, Lewis R. Eversole, Robert J. Gorlin, Joseph A. Regezi, John J. Sauk, Jr., Gerald Shklar, William G. Sprague, Charles A. Waldron, Carl J. Witkop, George P. Wysocki

endodontics — **Milton Siskin**

Editorial board: James Bynum, William Clem, Stephen Cohen, Frederick Cox, Ernst Ehrmann, *Australia*, Frederick J. Harty, *England*, Richard B. Johns, *England*, Peter Kapsimalis, Alvin A. Krakow, Howard Martin, Ivar A. Mjor, *Norway*, Margarita Muruzabal, *Argentina*, B. Nygaard-Ostby, *Norway*, Edward Osetek, Benjamin Sedlezky, Alan G. Selbst, Michael Tagger, *Israel*, Shosaburo Takuma, *Japan*, Leif Tronstad, *Sweden*

dental radiology — **Lincoln R. Manson-Hing**

Editorial board: David F. Greer, William K. Collett, Ray W. Alcox, Orlen N. Johnson

EDITORIAL BOARD

Joseph L. Bernier, *Washington, D. C.*
Lester R. Cahn, *New York*
Henry M. Goldman, *Boston*
Edward C. Hinds, *Houston*
Daniel J. Holland, *Boston*
Donald A. Kerr, *Ann Arbor*

Subject index

A

Actinomycosis of anterior maxilla (Musser, Tulumello, and Hiatt), 21
Adenomas, pleomorphic, of parotid gland resembling mesenchymal tumors (Merino and LiVolsi), 405
African chewing sticks, antibacterial activity of extracts from (Akpata and Akinrimisi), 717
Alveolar bone loss, new device to quantitate (Weiss and Ronen), 322
Alveolus, mandibular, total osteotomy of, in reconstruction of occlusion (Fitzpatrick), 336
  radiopaque mass in, 164 (Roentgeno-oddities)
Ameloblastoma of maxilla (Porter, Miller, and Stratigos), 34
American Academy of Oral Pathology, proceedings of annual meeting—1977, 872
American Academy of Periodontology, 327 (Announcement)
American Board of Oral Medicine, Inc., 820 (Announcement)
American Board of Oral Pathology, 327 (Announcements)
American Institute of Oral Biology, 166, 327, 491, 654 (Announcements)
American Society of Clinical Hypnosis, 327, 492 (Announcements)
Amyloidosis, primary localized, of palate (Timoşca and Gavriliţă), 76
Analgesia, regionally induced, in dentistry, experimental evaluation of (Fung and Hwang), 362
Anastomosis, arteriovenous, oral manifestations (Davies, Marsden, and Turner), 2
Anesthesia, regional, in presence of infection (Najjar), 7
Angiopathy, giant-cell hyalin (Dunlap and Barker), 587
Ankylosis of temporomandibular joint, cephalometric studies of patients with (El-Mofty), 153
Announcements, 166, 327, 491, 654, 820
Antibacterial activity of extracts from some African chewing sticks (Akpata and Akinrimisi), 717
Antihistamine, topical, effect of, on initial pulpal inflammatory response of monkey teeth (Pickett and Adrian), 621
Antineoplastic agents and their oral manifestations (Bottomley, Perlin, and Ross), 527
Antrum, maxillary, completely subdivided, clinical significance of (Bhatia, Gupta, and Sasibabu), 679
Apertognathia, mandibular prognathism and, associated with cleidocranial dysostosis in father and son (Harris et al.), 830
Arteriovenous anastomosis, oral manifestations (Davies, Marsden, and Turner), 2
"Aspirin compounds," harmful effects of (Najjar), 64

B

Bacterial contamination and transmission by nitrous oxide sedation apparatus (Hunt and Yagiela), 367
Basement membrane changes under neoplastic oral mucous membrane (McKinney and Singh), 875
Biopsies, human, effects of immunofluorescent transport solution on ultrastructure of (Barnett and Nisengard), 430
Biopsy technique for fibro-osseous and osteolytic lesions of jaws (Najjar and Gaston), 177
Bone, alveolar, loss, new device to quantitate (Weiss and Ronen), 322
  canals, unusual, 967 (Roentgeno-oddities)
  cavity, static, 652 (Roentgeno-oddities)
  craniofacial, fibrous dysplasia of, radiologic features (Obisesan et al.), 949
  regeneration, rapid, subsequent to subtotal mandibulectomy (Adekeye), 521
British Society of Dentistry for the Handicapped, 166, 328 (Announcements)
Buccal mucosa, human, clinicopathologic effects of cancer chemotherapeutic agents on (Guggenheimer et al.), 58

July, pp. 1-166; August, pp. 167-328; September, pp. 329-492; October, pp. 493-654; November, pp. 655-820; December, pp. 821-984.

Burkitt's lymphoma, American, in Pittsburgh, Pennsylvania (Terrill et al.), 411

C

Calcifications in calcifying odontogenic cysts and odontomas, ultrastructural study of (Sapp and Gardner), 754
Canadian Academy of Oral Radiology, 654 (Announcement)
Canadian Society of Oral Surgeons, 166, 327, 491, 654 (Announcements)
Canal, aberrant, to mandibular third molar area, 487 (Roentgeno-oddities)
débridement as compared to present methods, scanning microscopic evaluation of (Dupont, Brady, and del Rio), 113
human mandibular nutrient, study of (Britt), 635
preparation; endodontic morphology (Hession), 775
Cancer, breast, pemphigoid involving oral mucous membranes in conjunction with; oral manifestations in paraneoplastic syndrome (Bohátka and Alföldy), 684
chemotherapeutic agents, clinicopathologic effects of, on human buccal mucosa (Guggenheimer et al.), 58
Candida, oral, effect of chlorhexidine mouth rinses on, in group of leukemic patients (Sharon et al.), 201
strip test for detecting, in oral cavity (Berdicevsky et al.), 206
Candidiasis and mental retardation, familial hypoparathyroidism with (Pisanty and Garfunkel), 374
Canines, fully developed maxillary, pulpal status after autogenous transplantation of (Hasselgren, Larsson, and Rundquist), 106
Carbon dioxide laser beam, excision of buccal hemangioma by (Shafir, Slutzki, and Bornstein), 347
Carcinogen, water-soluble, 4-nitroquinoline N-oxide, effects of, on hamster lingual mucosa (Eveson and MacDonald), 600
Carcinoma, adenoid cystic, of salivary gland and its histologic variants (Nochomovitz and Kahn), 394
and leukoplakia, lingual, experimental production of (Marefat and Shklar), 578
large-cell, metastatic to jaw (Cherry and Glass), 358
lung, with metastases to anterior maxilla, radiographic manifestations of (Ciola and Yesner), 811
squamous-cell, in residual mandibular cyst (Martinelli, Melhado, and Callestini), 274
oral (Chen and Harwick), 744
Cardiac pacemaker, dental treatment of patient with (Rezai), 662
Cephalic kinetics of intra-arterially injected lidocaine (Aldrete et al.), 167
Chemotherapeutic agents; antineoplastic agents and their oral manifestations (Bottomley, Perlin, and Ross), 527
cancer, clinicopathologic effects of, on human buccal mucosa (Guggenheimer et al.), 58
Chewing sticks, African, antibacterial activity of extracts from (Akpata and Akinrimisi), 717
Chlorhexidine mouth rinses, effect of, on oral Candida in group of leukemic patients (Sharon et al.), 201
Chondromatosis, synovial, villonodular synovitis with (Raibley), 279
Choristoma, sebaceous, of thyroglossal duct (Leider, Lucas, and Eversole), 261
Cleft lip and palate, unrepaired unilateral, growth defects in (Crabb and Foster), 329
Cleidocranial dysostosis, mandibular prognathism and apertognathia associated with, in father and son (Harris et al.), 830
Collagen formation in dental pulp of human premolar and rat incisor, electron microscopic study of (Breyan and Schilder), 437
Computerized tumor recall program for premalignant and aggressive oral lesions (Elzay), 903
Craniofacial bones, fibrous dysplasia, radiologic features of (Obisesan et al.), 949
Cysts, calcifying odontogenic, and odontomas, ultrastructural study of calcifications in (Sapp and Gardner), 754
dentigerous, originating from mandibular second premolar, 488 (Roentgeno-oddities)
globulomaxillary, lesions resembling (Taicher and Azaz), 25
median mandibular (Soskolne and Shteyer), 84
modified stent for decompression of (Matalon), 30
radicular; lesions resembling globulomaxillary cysts (Taicher and Azaz), 25
residual mandibular, squamous-cell carcinoma in (Martinelli, Melhado, and Callestini), 274

D

Débridement, canal, scanning microscopic evaluation of, as compared to present methods (Dupont, Brady, and del Rio), 113
techniques for endodontic instruments, evaluation of (Segall et al.), 786
Dens in dente, triple, 966 (Roentgeno-oddities)
invaginatus, extraradicular communicating (Taylor and McDaniel), 931
Dental manifestations in Ehlers-Danlos syndrome (Hoff), 864
radiography, trends in (Richards), 807

Dental—Cont'd
radiology, 147, 313, 468, 635, 806, 949
structures, xeroradiography of (Gratt, Sickles, and Parks), 148
treatment of patient with cardiac pacemaker (Rezai), 662
Dentin dysplasia, Type II (Melnick et al.), 592
Type III; focal odontoblastic dysplasia (Eastman, Melnick, and Goldblatt), 909
of regional odontodysplasia, ultrastructural, electron-probe, and microhardness studies of controversial amorphous areas in (Gardner and Sapp), 549
opalescent, associated with enamel defects, clinical and histologic observations of (Suzuki, Nakata, and Eto), 767
Dentistry, regionally induced analgesia in, experimental evaluation of (Fung and Hwang), 362
Discoloration of dentition, tetracycline-induced extrinsic (Vogel and Austin), 50
Dwarfism, pituitary, abnormalities of tooth development in (Kosowicz and Rzymski), 853
Dyskeratosis, hereditary benign intraepithelial, ultrastructural study of (Sadeghi and Witkop), 567
Dysplasia, dentin, Type II (Melnick et al.), 592
fibrous, of craniofacial bones, radiologic features of (Obisesan et al.), 949
focal odontoblastic (Eastman, Melnick, and Goldblatt), 909

E

Editorial, tribute to Dr. Ted Grant, 655
Ehlers-Danlos syndrome, dental manifestations in (Hoff), 864
Eikenella corrodens isolated in oral infections of dental origin (Goodman), 128
"Electroacupuncture"; experimental evaluation of regionally induced analgesia in dentistry (Fung and Hwang), 362
Enamel defects, opalescent dentin associated with, clinical and histologic observations (Suzuki, Nakata, and Eto), 767
Endodontic instruments, evaluation of, as received from manufacturer: demand for quality control (Segall et al.), 463
débridement techniques for (Segall et al.), 786
morphology (Hession), 456, 610, 775, 915
Endodontics, 95, 285, 437, 610, 775, 915
Eosinophilic granuloma, ultrastructural study of: Langerhans cell—its role in histogenesis and diagnosis (Cutler and Krutchkoff), 246
Epidermolysis bullosa dystrophica polydysplastica (erratum), 361
Eugenol, effect of, on nerve transmission (Kozam), 799
Ewing's sarcoma of mandible (Kapoport et al.), 89
Excision of buccal hemangioma by carbon dioxide laser beam (Shafir, Slutzki, and Bornstein), 347
Extraction sites, mandibular third molar, effect of lavage on incidence of localized osteitis in (Butler and Sweet), 14
Extraradicular communicating dens invaginatus (Taylor and McDaniel), 931
"Eye tooth," true, 653 (Roentgeno-oddities)

F

Fascial grafts, xenogenous, vestibular extension with (Robinson and Stern), 173
Fibromyxoma; lesions resembling globulomaxillary cysts (Taicher and Azaz), 25
Fibro-osseous and osteolytic lesions of jaws, biopsy technique for (Najjar and Gaston), 177
Fibrous dysplasia of craniofacial bones, radiologic features of (Obisesan et al.), 949
Filling, residual gutta-percha, 819 (Roentgeno-oddities)
Fissure, median mandibular, 163 (Roentgeno-oddities)
Focal infection—endodontic point of view (Ehrmann), 628
in perspective (Hunter), 626
odontoblastic dysplasia (Eastman, Melnick, and Goldblatt), 909
Foramen, mandibular: anterior position (Hayward, Richardson, and Malhotra), 837
incidence and relationship of lateral ramus prominence to (Langston and Tebo), 190
Foreign objects in root canal (Lamster and Barenie), 483
Fracture, condylar; mandibular malunion treated by symphyseal and subapical osteotomies (Lew and Laskin), 691
Fusion of lower second and third molar and macrodontia of lower first molar, 817 (Roentgeno-oddities)

G

Garré's osteomyelitis of mandible (Ellis, Winslow, and Indovina), 183
Gingivae, malignant neoplasms metastatic to (Ellis et al.), 238
Globulomaxillary cysts, lesions resembling (Taicher and Azaz), 25
Glutaraldehyde-fixed tissue, long-term results of implantation of (Thoden van Velzen and van den Hooff), 792
Gonococcal tonsillitis (Jamsky), 197
Grafts, xenogenous fascial, vestibular extension with (Robinson and Stern), 173
Grant, Ted, dedication of Dental Radiology section to, 806
tribute to (Editorial), 655

Granuloma, eosinophilic, ultrastructural study of; Langerhans cell—its role in histogenesis and diagnosis (Cutler and Krutchkoff), 246
Growth defects in unrepaired unilateral cleft lip and palate (Crabb and Foster), 329
Gutta-percha filling, residual, 819 (Roentgeno-oddities)

H

Hemangioma, buccal, excision of, by carbon dioxide laser beam (Shafir, Slutzki, and Bornstein), 347
oral, management of (Woods and Tulumello), 39
Hemorrhage, oral, thrombocythemia as cause of (Pogrel), 535
Herpes labialis, recurrent, in professional population, 1958-1971, retrospective study of (Ship, Miller, and Ram), 723
Histiocytoma, malignant fibrous, of maxilla (Slootweg and Müller), 560
Histiocytosis X; ultrastructural study of eosinophilic granuloma (Cutler and Krutchkoff), 246
Hyalin angiopathy, giant-cell (Dunlap and Barker), 587
Hypoparathyroidism, familial, with candidiasis and mental retardation (Pisanty and Garfunkel), 374

I

Immunofluorescent transport solution, effects of, on ultrastructure of human biopsies (Barnett and Nisengard), 430
Implantation of glutaraldehyde-fixed tissue, long-term results of (Thoden van Velzen and van den Hooff), 792
Infection, failure to achieve regional anesthesia in presence of (Najjar), 7
focal–endodontic point of view (Ehrmann), 628
in perspective (Hunter), 626
oral, of dental origin, *Eikenella corrodens* isolated in (Goodman), 128
Instrument, broken, retrieval of, from root canal, 325 (Roentgeno-oddities)
endodontic, evaluation of, as received from manufacturer: demand for quality control (Segall et al.), 463
Irrigation, root canal, effectiveness of (Ram), 306

J

Jaws, fibro-osseous and osteolytic lesions of, biopsy technique for (Najjar and Gaston), 177
intraosseous benign neural sheath neoplasms of (Ellis, Abrams, and Melrose), 731
large-cell carcinoma metastatic to (Cherry and Glass), 358

K

Kerr, Dr. Donald A., tribute to, 547
Kinetics, cephalic, of intra-arterially injected lidocaine (Aldrete et al.), 167

L

Langerhans cell, role in histogenesis and diagnosis: ultrastructural study of eosinophilic granuloma (Cutler and Krutchkoff), 246
Laser beam, carbon dioxide, excision of buccal hemangioma by (Shafir, Slutzki, and Bornstein), 347
neodymium, pulp effects of (Adrian), 301
Lavage, effect of, on incidence of localized osteitis in mandibular third molar extraction sites (Butler and Sweet), 14
Leaded apron artifact on panoramic radiograph, 489 (Roentgeno-oddities)
Le Fort I osteotomy, correction of long face syndrome by (Bell and McBride), 493
Leukemia, effect of chlorhexidine mouth rinses on oral Candida in group of patients with (Sharon et al.), 201
Leukoplakia and carcinoma, lingual, experimental production of (Marefat and Shklar), 578
Lidocaine, intra-arterially injected, cephalic kinetics of (Aldrete et al.), 167
Lingual leukoplakia and carcinoma, experimental production of (Marefat and Shklar), 578
mucosa, hamster, effects of water-soluble carcinogen 4-nitroquinoline N-oxide on (Eveson and MacDonald), 600
Liposarcoma of oropharyngeal region (Baden and Newman), 889
Long face syndrome, correction of, by Le Fort I osteotomy (Bell and McBride), 493
Long Island Jewish-Hillside Medical Center, 491 (Announcement)
Lung carcinoma with metastases to anterior maxilla, radiographic manifestations of (Ciola and Yesner), 811
Lymphoma, American Burkitt's, in Pittsburgh, Pennsylvania (Terrill et al.), 411

M

Macrodontia of lower first molar, fusion of lower second and third molar and, 817 (Roentgeno-oddities)
of mandibular premolar (Reichart, Westergaard, and Jensen), 606
Macule, oral melanotic (Page et al.), 219
Mandible, anterior, aberrant salivary gland tissue in (Stene and Pedersen), 72
Ewing's sarcoma of (Rapoport et al.), 89
Garré's osteomyelitis of (Ellis, Winslow, and Indovina), 183
tuberculous osteomyelitis of (Sachs and Eisenbud), 425
Mandibular cyst, median (Soskolne and Shteyer), 84
fissure, median, 163 (Roentgeno-oddities)

Mandibular—Cont'd
foramen: anterior position (Hayward, Richardson, and Malhotra), 837
malunion treated by symphyseal and subapical osteotomies (Lew and Laskin), 691
prognathism and apertognathia associated with cleidocranial dysostosis in father and son (Harris et al.), 830
Mandibulectomy, subtotal, rapid bone regeneration subsequent to (Adekeye), 521
Mass, radiopaque, in alveolus, 164 (Roentgeno-oddities)
Masseter muscle, myositis ossificans traumatica of (Plezia, Mintz, and Calligaro), 351
Maxilla, ameloblastoma of (Porter, Miller, and Stratigos), 34
anterior, actinomycosis of (Musser, Tulumello, and Hiatt), 21
lung carcinoma with metastases to, radiographic manifestations of (Ciola and Yesner), 811
chondrogenic sarcoma of (Terezhalmy and Bottomley), 539
malignant fibrous histiocytoma of (Slootweg and Müller), 560
Maxillary antrum, completely subdivided, clinical significance of (Bhatia, Gupta, and Sasibabu), 679
Melanocytic cellular nevi, intraoral (Giansanti, Drummond, and Sabes), 267
Melanotic macule, oral (Page et al.), 219
Mental retardation, familial hypoparathyroidism with candidiasis and (Pisanty and Garfunkel), 374
Metallic compounds, simple, as pulp-capping agents (Watts and Paterson), 285
Microstix; strip test for detecting Candida in oral cavity (Berdicevsky et al.), 206
Molars, fused mandibular, 968 (Roentgeno-oddities)
mandibular third, extraction sites, effect of lavage on incidence of localized osteitis in (Butler and Sweet), 14
Monodon monoceros, tuskal pulp of narwhal (Dow and Hollenberg), 135
Morphology, endodontic (Hession), 456, 610, 775, 915
Mouth rinses, chlorhexidine, effect of, on oral Candida in group of leukemic patients (Sharon et al.), 201
Mucous membrane, neoplastic oral, basement membrane changes under (McKinney and Singh), 875
pemphigoid, benign (cicatricial mucosal pemphigoid) (Foster and Nally), 697
Myofascial pain dysfunction syndrome, diagnosis and conservative treatment of (Brooke, Stenn, and Mothersill), 844
nasopharyngeal tumor initially manifested as (Sharav and Feinsod), 54
Myositis ossificans traumatica of masseter muscle (Plezia, Mintz, and Calligaro), 351

N

Narwhal *(Monodon monoceros)*, tuskal pulp of (Dow and Hollenberg), 135
Nasopharyngeal tumor initially manifested as myofascial pain dysfunction syndrome (Sharav and Feinsod), 54
Necrotizing sialometaplasia (Murphy et al.), 419
Neodymium laser, pulp effects of (Adrian), 301
Neoplasms, intraosseous benign neural sheath, of jaws (Ellis, Abrams, and Melrose), 731
malignant, metastatic to gingivae (Ellis et al.), 238
Neoplastic oral mucous membrane, basement membrane changes under (McKinney and Singh), 875
Nerve transmission, effect of eugenol on (Kozam), 799
Neural sheath neoplasms, intraosseous benign, of jaws (Ellis, Abrams, and Melrose), 731
Neurilemmoma; intraosseous benign neural sheath neoplasms of jaws (Ellis, Abrams, and Melrose), 731
Neurodegenerative changes causing failure to achieve regional anesthesia in presence of infection (Najjar), 7
Neurofibroma; intraosseous benign neural sheath neoplasms of jaws (Ellis, Abrams, and Melrose), 731
Nevi, intraoral melanocytic cellular (Giansanti, Drummond, and Sabes), 267
New York Institute of Clinical Oral Pathology, Inc., 492, 654 (Announcements)
4-nitroquinoline N-oxide, effects of, on hamster lingual mucosa (Eveson and MacDonald), 600
Nitrous oxide sedation apparatus, bacterial contamination and transmission by (Hunt and Yagiela), 367
Nutrient canals, human mandibular, study of (Britt), 635

O

Occlusion, total osteotomy of mandibular alveolus in reconstruction of (Fitzpatrick), 336
Odontoblastic dysplasia, focal (Eastman, Melnick, and Goldblatt), 909
Odontodysplasia, regional, ultrastructural, electron-probe, and microhardness studies of controversial amorphous areas in dentin of (Gardner and Sapp), 549
Odontoma on panoramic and periapical radiograph, 818 (Roentgeno-oddities)
ultrastructural study of calcifications in calcifying odontogenic cysts and (Sapp and Gardner), 754

Oral cancer, clinical associate in, 491 (Announcement)
Candida, effect of chlorhexidine mouth rinses on, in group of leukemic patients (Sharon et al.), 201
strip test for detecting (Berdicevsky et al.), 206
granular-cell tumors (Miller et al.), 227
hemangioma, management of (Woods and Tulumello), 39
hemorrhage, thrombocythemia as cause of (Pogrel), 535
infections of dental origin, *Eikenella corrodens* isolated in (Goodman), 128
lesions, premalignant and aggressive, computerized tumor recall program for (Elzay), 903
manifestations in paraneoplastic syndrome (Bohátka and Alföldy), 684
of antineoplastic agents (Bottomley, Perlin, and Ross), 527
of arteriovenous anastomosis (Davies, Marsden, and Turner), 2
medicine, 49, 197, 367, 527, 697, 844
melanotic macule (Page et al.), 219
mucous membrane, neoplastic, basement membrane changes under (McKinney and Singh), 875
pathology, 71, 219, 384, 547, 731, 872
psoriatic lesion, histopathologic, ultrastructural, and immunologic findings in (Fischman, Barnett, and Nisengard), 253
squamous-cell carcinoma (Chen and Harwick), 744
surgery, 1, 167, 329, 493, 656, 821
Orofacial manifestations in tuberous sclerosis (Scully), 706
Oropharyngeal region, liposarcoma of (Baden and Newman), 889
Orthodontic surgery; total osteotomy of mandibular alveolus in reconstruction of occlusion (Fitzpatrick), 336
Osteitis, localized, in mandibular third molar extraction sites, effect of lavage on incidence of (Butler and Sweet), 14
Osteolytic and fibro-osseous lesions of jaws, biopsy technique for (Najjar and Gaston), 177
Osteomyelitis, Garré's, of mandible (Ellis, Winslow, and Indovina), 183
tuberculous, of mandible (Sachs and Eisenbud), 425
Osteotomy, Le Fort I, correction of long face syndrome by (Bell and McBride), 493
symphyseal and subapical, mandibular malunion treated by (Lew and Laskin), 691
total, of mandibular alveolus in reconstruction of occlusion (Fitzpatrick), 336

P

Pacemaker, cardiac, dental treatment of patient with (Rezai), 662
Pain dysfunction syndrome, myofascial, diagnosis and conservative treatment of (Brooke, Stenn, and Mothersill), 844
nasopharyngeal tumor initially manifested as (Sharav and Feinsod), 54
oral; Trotter's syndrome (Van Hassel and Topping), 125
Palate, primary localized amyloidosis of, (Timoşca and Gavriliţă), 76
Panoramic x-ray machines, radiation exposure and distribution measurements for three (Manson-Hing and Greer), 313
Paraneoplastic syndrome, oral manifestations in (Bohátka and Alföldy), 684
Parotid gland, pleomorphic adenomas of, resembling mesenchymal tumors (Merino and LiVolsi), 405
Pemphigoid, benign mucous membrane (cicatricial mucosal pemphigoid) (Foster and Nally), 697
oral manifestations in paraneoplastic syndrome (Bohátka and Alföldy), 684
Pemphigus vulgaris, intraoral (Zegarelli and Zegarelli), 384
Periodontal syndrome, lack of pulpal pathosis in rice rats with (Hattler et al.), 939
Periodontitis, vitamin E and, in rat (Parrish, DeMarco, and Bissada), 210
Pituitary dwarfism, abnormalities of tooth development in (Kosowicz and Rzymski), 853
Polyethylene tubes as model for root canal (Makkes et al.), 293
Premolar impacted in floor of orbit; true "eye tooth," 653 (Roentgeno-oddities)
mandibular, macrodontia of (Reichart, Westergaard, and Jensen), 606
transposed third, in occlusion, 165 (Roentgeno-oddities)
Prognathism, mandibular, and apertognathia associated with cleidocranial dysostosis in father and son (Harris et al.), 830
Psoriatic lesion, oral, histopathologic, ultrastructural, and immunologic findings in (Fischman, Barnett, and Nisengard), 253
Pulp capping agents, simple metallic compounds as (Watts and Paterson), 285
dental, of human premolar and rat incisor, electron microscopic study of collagen formation in (Breyan and Schilder), 437
effects of neodymium laser (Adrian), 301
of human teeth following vital root resection, microscopic study of (Tagger and Smukler), 96
tuskal, of narwhal, *Monodon monoceros* (Dow and Hollenberg), 135

Pulpal inflammatory response, initial, of monkey teeth, effect of topical antihistamine on (Pickett and Adrian), 621
pathosis, lack of, in rice rats with periodontal syndrome (Hattler et al.), 939
status after autogenous transplantation of fully developed maxillary canines (Hasselgren, Larsson, and Rundquist), 106
Purpura, thrombocytopenic, secondary to quinidine hypersensitivity (Salman, Salman, and Salman), 45
Pyknodysostosis, radiographic observations of (Kawahara et al.), 476

Q

Quinidine hypersensitivity, thrombocytopenic purpura secondary to (Salman, Salman, and Salman), 45

R

Radiation exposure and distribution measurements for three panoramic x-ray machines (Manson-Hing and Greer), 313
Radiographic manifestations of lung carcinoma with metastases to anterior maxilla (Ciola and Yesner), 811
surveys, full-mouth and panoramic, analysis of interpretations of (Horton et al.), 468
Radiographs, panoramic and periapical, odontoma on, 818 (Roentgeno-oddities)
leaded apron artifact on, 489 (Roentgeno-oddities)
standardized periapical, evaluation of technique for (Duinkerke et al.), 646
Radiography, dental, trends in (Richards), 807
Radiopaque mass in alveolus, 164 (Roentgeno-oddities)
Radiotherapy to head and neck, saliva substitute for use by xerostomic patients undergoing (Shannon, McCrary, and Starcke), 656
Ramus, lateral, prominence, incidence and relationship to mandibular foramen (Langston and Tebo), 190
Resorption, external, taurodontism, short roots and, associated with short stature and small head (Gardner and Girgis), 271
Roentgeno-oddities, 163, 325, 487, 652, 817, 966
Root canal, foreign objects in (Lamster and Barenie), 483
irrigation, effectiveness of (Ram), 306
polyethylene tubes as model for (Makkes et al.), 293
retrieval of broken instrument from, 325 (Roentgeno-oddities)
resorption; long-term results after intentional tooth reimplantation in monkeys (Caffesse, Nasjleti, and Castelli), 666
Root—Cont'd
short, taurodontism, and external resorption, associated with short stature and small head (Gardner and Girgis), 271
vital, resection, microscopic study of pulps of human teeth following (Tagger and Smukler), 96

S

Saliva substitute for use by xerostomic patients undergoing radiotherapy to head and neck (Shannon, McCrary, and Starcke), 656
Salivary duct, submandibular, duplication of, 326 (Roentgeno-oddities)
gland, adenoid cystic carcinoma of, and its histologic variants (Nochomovitz and Kahn), 394
tissue, aberrant, in anterior mandible (Stene and Pedersen), 72
Sarcoma, Ewing's, of mandible (Rapoport et al.), 89
maxillary chondrogenic (Terezhalmy and Bottomley), 539
Sclerosis, tuberous, orofacial manifestations in (Scully), 706
Sialographic agents, in vitro comparison of (Goebel), 960
Sialometaplasia, necrotizing (Murphy et al.), 419
Stent, modified, for decompression of cysts (Matalon), 30
Subluxation of temporomandibular joint (Sheppard and Sheppard), 821
Supernumerary teeth; transposed third premolars in occlusion, 165 (Roentgeno-oddities)
Surgery, orthodontic; total osteotomy of mandibular alveolus in reconstruction of occlusion (Fitzpatrick), 336
Synovitis, villonodular, with synovial chondromatosis (Raibley), 279

T

Taurodontism, short roots, and external resorption, associated with short stature and small head (Gardner and Girgis), 271
Teeth, tetracycline-induced extrinsic discoloration of (Vogel and Austin), 50
Temporomandibular joint ankylosis, cephalometric studies of patients with (El-Mofty), 153
subluxation of (Sheppard and Sheppard), 821
Tetracycline-induced extrinsic discoloration of dentition (Vogel and Austin), 50
Thrombocythemia as cause of oral hemorrhage (Pogrel), 535
Thyroglossal duct, sebaceous choristoma of (Leider, Lucas, and Eversole), 261
Tongue; experimental production of lingual leukoplakia and carcinoma (Marefat and Shklar), 578
Tonsillitis, gonococcal (Jamsky), 197

Tooth development, abnormalities of, in pituitary dwarfism (Kosowicz and Rzymski), 853
reimplantation, intentional, in monkeys, long-term results after (Caffesse, Nasjleti, and Castelli), 666
Transplantation, autogenous, of fully developed maxillary canines, pulpal status after (Hasselgren, Larsson, and Rundquist), 106
Trotter's syndrome (Van Hassel and Topping), 125
Tuberculous osteomyelitis of mandible (Sachs and Eisenbud), 425
Tuberous sclerosis, orofacial manifestations in (Scully), 706
Tumors, mesenchymal, pleomorphic adenomas of parotid gland resembling (Merino and LiVolsi), 405
nasopharyngeal, initially manifested as myofascial pain dysfunction syndrome (Sharav and Feinsod), 54
oral granular-cell (Miller et al.), 227
recall program, computerized, for premalignant and aggressive oral lesions (Elzay), 903

U

Ulcerations, palatal; necrotizing sialometaplasia (Murphy et al.), 419
University of Connecticut, 492 (Announcement)
University of North Carolina, 654 (Announcement)

V

Vestibular extension with xenogenous fascial grafts (Robinson and Stern), 173
Vitamin E and periodontitis in rat (Parrish, DeMarco, and Bissada), 210

X

Xenogenous fascial grafts, vestibular extension with (Robinson and Stern), 173
Xeroradiography of dental structures (Gratt, Sickles, and Parks), 148
Xerostomia, saliva substitute for use by patients with, undergoing radiotherapy to head and neck (Shannon, McCrary, and Starcke), 656
X-ray machines, panoramic, radiation exposure and distribution measurements for three (Manson-Hing and Greer), 313
